

Standardized NVIORG Calendar
(as of December 2016)

The 2016-2017 Grand Officers recommended that a generic Grand Calendar be established. They believed that having targeted weekends for events on our Grand Calendar may assist girls and adults with their scheduling – helping them maintain a balance between family, work, school, Rainbow, and other events. This outline is provided as a starting point; some revisions may be necessary each year, based on Temple/Lodge availability, Supreme Assembly and Supreme Seminar, and other yet to be determined factors.
